CreativeMornings Manifesto

CreativeMornings is a global lecture series for local creative communities.

Free monthly events feature coffee & breakfast and an inspiring talk by a guest speaker.

Each month, one theme is debated around the world, in all 200+ CM local chapters.

“

Unlike professional development ‘webinars’ or stuffy professional mixers, CreativeMornings is laid back and accessible (as long as you’re quick to nab one of the seats)...
